List of validated activities in training hours

100 hours of training to be taken (minimum) during the doctoral program. With the possibility of taking training courses outside the institution (to be submitted to the doctoral school for validation). It is advisable to fill in the ADUM portfolio on a regular basis.

For co-tutored doctoral students, 50 hours of training (minimum) during the doctoral program.

The following are not taken into account

Welcome/back-to-school days

Teaching activities are not validated in the training courses.

Structures	Display	Activities	Validated hours	Validation in ADUM	Distribution
